Approach and Departure

On busy event days please approach and depart within an arc from south to east as shown, to avoid the circuit, campers, parked cars and nearby residential properties. At other times when the field to the west is clear of cars/camping etc, you may approach and depart over this providing you do not overfly the race circuit.

Make steep approaches and depart at maximum rate of climb. Avoid overflying any residential properties at less than 500ft and the hatched noise sensitive areas. **Beware - Oulton Park is by the WHI NDB and a lot of traffic routes overhead!**
